RECENT EXPERIENCE

Deloitte

Senior Solution Specialist

Hybrid, Gilbert & Tempe, AZ | Jun 2021 - current

- Served as the main developer for a ReactJS internal app, streamlining the unemployment insurance process for 270,000 Michiganders in Michigan, resulting in faster application processing times (**State of Michigan, MIUI | ReactJS, .net**)
- Led development on a web app, modernizing tax payment UX for 880.9M visits and supporting \$4.7T in tax collection for FY 2023 (**IRS, IRS.gov | ReactJS, TS**)
- Led development for an onboarding app, reducing time to onboard banks to a new instant payment system from 60 to 7 days for 1,000+ banks as of Oct 2024 (**Federal Reserve, FedNow | LWC, Salesforce**)
- Led development on an onboarding pamphlet app to bolster professional brand and increase new hire experience for dozens of new hires (**NextJS, TailwindCSS | ReactJS**)
- Coached 7 junior/mid consultants, directly increasing a team member's utilization from 40% to 95% while on PIP (**Internal Team | leadership skills**)

Arizona State University

Full-stack Developer

Hybrid, Tempe, AZ | Aug 2018 - May 2021

- Led development on a mobile app, enhancing engagement for 58K+ weekly users with features such as geo-location enabled events and instant chat (**ASU Mobile App | React Native, AWS**)
- Developed chatbot for SMS, web, and mobile platforms, streamlining operations with potential savings of \$1M annually (**Sunny Chatbot Dashboard | ReactJS, AWS**)
- Engineered and launched IoT features for football stadium scoreboard games, enhancing game day for 50K+ fans in a noise competition and real-time celebrity/fan face matching (**IoT Projects | Angular, AWS**)

My Professional Website

Full-stack Developer

Remote | 2015 - current

- Built custom portfolio/blog website showcasing over a decade of experience using visually striking CSS (**NextJS, TailwindCSS, shadcn/ui, Netlify | ReactJS**)
